COMPREHENSIVE TECHNICAL ASSISTANCE

Receive individual consultation and team support services to help start, develop, and sustain your CCR team. Support can be provided via email and phone, as well as in person.

TEAM-TAILORED TRAINING

Are you seeking specific training opportunities for your team? The Community Response Coordinator can assist with developing content, facilitating in-person training events, and seeking external experts to create a customized learning experience for your community.

CCR TOOLKIT

Gain quick access to tools and strategies for building, supporting, and sustaining your team through our comprehensive CCR Toolkit. Content can be applied to both new and existing teams.

CCR EXPANSION TOOLKIT - COMING SOON!

Are you interested in engaging additional systems in your CCR efforts and fine-tuning your response to diverse populations, cultures, and life experiences? The CCR Expansion Toolkit will provide your team with strategies for addressing various topics that impact a survivor's safety in your community.

CCR LISTSERV

Are you seeking diverse perspectives on a particular question, resource, or best practice? Ask the CCR listserv! Stay connected with the knowledge and expertise of other CCR teams around the state through this email distribution list.

MONTHLY CCR BULLETIN

Receive updates on the latest news, statewide and national in-person and webinar training opportunities, and best practices to help increase your team's community impact.
