Join us for a Regional Advocate Day for Training

Friday, August 3, 2018

10:00 AM to 3:00 PM

at Northwest Connection Family Resources in Hayward

Morning Workshop | 10am-12pm

PREVENTION TALKS

Stephanie Ortiz, End Abuse

Join us as we share how to support the implementation of gender violence prevention programming throughout WI. This session will provide an overview of primary prevention, a peer-to-peer youth development model, and highlight programs throughout Wisconsin that are using these approaches. We will share various resources and skills that contribute to the success of prevention programming while encouraging attendees to share their own expertise on the topic. They will explore how, as adults, we can create a safe and brave space that allows the leadership from youth to emerge and impact community change.

Afternoon Workshop | 1pm-3pm

SUPPORTING LGBTQ INDIVIDUALS IN OUR COMMUNITIES

Cody Warner, End Abuse

In this workshop, we share how to support LGBTQ+ individuals. This session will provide an overview of LGBTQ+ history and how it relates to present day. Participants will work together to understand key concepts that affect the LGBTQ+ community, explore the differences between sex and gender, and collaborate to work through real life workplace scenarios.

Please register by July 27, 2018!
