

SHDC Updates

Dual Diagnosis Facility: As you know, Summit Housing has agreed to build a dual diagnosis housing facility in the City of Stow. The facility has been designed with adults in mind who are receiving services from both the Summit DD Board and the Summit County ADM Board. Each apartment will be a private living area with some common areas such as laundry. Tom Jacobs has been working with the Superintendents from the Summit DD Board and the ADM Board to make sure we are properly accommodating the residents to be served.

Most approvals have been obtained. We expect to break ground in the spring with occupancy in the fall.

Portage County: Many of you may remember a story last fall about a special person, Robert, and his family in Kent. Robert had not lived near his family in decades. Summit Housing was contacted and purchased a home within weeks right down the road from Roberts mom. We are happy to report that Robert is now one of the occupants in the home and his mom can literally walk down the road to visit. We hope they continue to enjoy their new home!

A FRESH START!

As of February 1, 2017, Summit Housing has transitioned to independency from the Summit DD Board.

New Projects

Trumbull County: Tom Jacobs is currently working with the Superintendent of the Trumbull County DD Board. Summit Housing will be providing 2 homes this year to several transitioning adults from Youngstown Developmental Center. We appreciate the confidence our friends in Trumbull County have placed on Summit Housing. We are currently working to identify the best homes in the desired areas. We plan to purchase, update, rehab and occupy the homes by May 2017. We will keep you updated as the project progresses.

New additions in Summit County: We are currently adding 4 new homes in Summit County. One in Hudson, two in Tallmadge and one in Silver Lake. We have identified the homes and are in the process of purchasing at this time. These homes could possibly be occupied before this summer.

In addition, we may add more homes in Summit County this year and are prepared to move forward on these. If you have clients in need of housing and would like to be involved in identifying the neighborhood they live in, please call Tom Jacobs at 330.634.8722 to discuss your interest and get the ball rolling.
