

HOLD IT.

INTRODUCING the HOLLOWAY HOLDER™. The New Standard For Single-Use Bag And Fluid Management.

In the realm of single-use, proper management and control of your single-use process bags is critical.

Since 2007, HOLLOWAY AMERICA has crafted scores of fully-customized single-use holders, mixers, and bioreactors for our customers. Drawing on that deep experience, we've created the new HOLLOWAY HOLDER™, the ultimate line of single-use bag holders.

Available in a vast array of sizes – from 200 L to 5000 L – the HOLLOWAY HOLDER™ line provides a lengthy list of standard features and optional customizations that provide maximum efficiency to your single-use process – *and* multiple benefits to your bottom line.

So, if you're exploring single-use options, hold it. Reliably. Efficiently. *Elegantly.* With the new HOLLOWAY HOLDER™ Single-Use Bag and Fluid Management System, exclusively from HOLLOWAY AMERICA. Contact your HOLLOWAY AMERICA Regional Sales Manager and begin your single-use discussion today.
