The annual AAZK National Conference offers delegates the opportunity to attend a number of different sessions to meet their education needs. In 2015, the AAZK National Conference was hosted in Saint Louis, Missouri, and featured over 200 attendees from around the world. The conference was a great success, and in 2016, the AAZK National Conference will be held in Washington, D.C., and will feature over 300 attendees.

The conference provides a unique networking opportunity through a selection of Professional Certificate Courses designed to offer registrants a minimum of 12 hours of student-experience through a selection of Professional Certificate Courses. In addition, courses may offer professional development credit in the selected subject matter. The courses are designed to offer registrants a minimum of 12 hours of student-experience through a selection of Professional Certificate Courses.

Dear Friends,

AAZK is once again pleased to offer our member partners a transparent view into AAZK through our 2015 Annual Report. Nearing 50 years of continuous operation, with a membership of 10,000 members, partners, and colleagues, AAZK is a leader in species conservation through the conservation of species through species conservation. AAZK remains committed to advancing professional development through our discipline- specific conferences, training, and education. AAZK’s volunteer Board and Committees will continue to strive for success in 2016. Thanks to all that helped make 2015 the biggest year yet for AAZK! Penny.Jolly@aazk.org

President’s Message

Challenging ourselves in research and zoo visits, I assumed the challenge of being President of the American Association of Zoos and Aquariums (AAZK) last year and I want to take this opportunity to offer my heartfelt congratulations to all the members and staff of the Association. We have grown to 106 Chapters across North America. Each Chapter has near the Leadership of the Association. Their passion for conservation is driven by the large $178,500. They have also been successfully engaging over 50,000 people interested in the animal keeping profession in 2015.

Thank You!…

Animal Keepers’ Forum

The Animal Keepers’ Forum continues to be a vital communications tool for members, sponsors, and advertisers alike. The Forum shares quality articles submitted by our members and supporters through the collective vision of the Animal Keepers’ Forum. This year we also introduced a new column "Spotlight on Conservation" which featured Zoo staff, their successes and their failures, and their contributions to conservation. This feature continues to grow in popularity and has been well received by our members. The Animal Keepers’ Forum is a valuable resource for our members and partners. Thank you to all that participated.
