The Blanton's Major Gift Circles recognize philanthropic individuals who provide vital support for the museum—from exhibitions to education programs, and from publications to conservation. Through their gifts, Major Gift Circle donors help the Blanton to fulfill its mission to offer unique opportunities for learners of all ages to experience the life-enhancing power of art. It is only through this generosity that the Blanton can continue its pursuit of excellence and deepen its impact as one of the best and most innovative university art museums in the country, and the principal art museum for the city of Austin.

As generous patrons of the museum, Major Gift Circle donors are invited to engage with the Blanton through programming, events, and other special access to the museum.

Employer matching gifts may be counted toward an individual's cumulative gift total.

We are also pleased to recognize donors contributing \$5,000–\$9,999 annually in our [Benefactor's Circle](#).
