

# Connect your Company with Top Talent in our Mentorship Program!

**BLF FOUNDATION**  
DEVELOPING FUTURE LEADERS

The BLF Foundation is enlisting your company's assistance in partnering to supporting the development of the next generation of leaders through our "Developing Future Leaders" Mentorship Program. As a session sponsor, your company has the opportunity to connect your workforce with top tier collegiate talent during our monthly mentorship sessions by sharing insights related to our professional development topics for the calendar year. Your employee team will present for 30-45 minutes, and incorporate an interactive activity to help reinforce the learning outcomes for the specific session.

There are a variety of reasons to be a company session sponsor:

- Connect with top talent, fueling your future workforce
- Great opportunity to share career expertise with inquisitive minds
- Ideal time to share career opportunities at your respective company
- Allow your employees to give back to the community
- Create brand awareness for your company's operations in different geographical locations

There will be 10 scheduled meetings, with a focus on a different topic that develops life skills and workplace competencies in college students. Open discussion is encouraged as different viewpoints can help students understand various ways to tackle situations. Each scheduled meeting will include a "homework" activity for the students to complete to demonstrate mastery and also build a portfolio to demonstrate their unique value proposition to employers.

These topics will include:

- Financial Literacy
- Time Management
- Personal Branding
- Importance of Building a Network
- Critical Decision Making
- Fundamentals of Entrepreneurship
- Goal and Vision Setting
- Personal Development
- Civic Service and Community Engagement
- Leadership Philosophy and Skill Development

## Become a Company Session Sponsor Today!

We cannot reach countless students without your assistance. Our team will ensure a smooth onboarding process. We look forward to having your partnership to help collegiate students!
