PARADISE FOUND

About Cayman

The Cayman Islands, located in the western part of the Caribbean known as the Greater Antilles, are a British Overseas Territory and a commonwealth member. The Cayman Islands are composed of three islands, Grand Cayman and the sister islands of Cayman Brac and Little Cayman. Collectively these three small islands are arguably the closest you can get to paradise.

Grand Cayman is the most well-known of the three islands, boasts the reputation of being one of the world's largest financial centers as well as a vacation hotspot, attracting avid scuba divers and luxury vacationers alike. Little Cayman and Cayman Brac, while lesser known, are gems all on their own as they feel as though you have taken a step back in time to simpler moments and offer a serene escape for those looking to understand the definition of relaxation.

LIVE THE DREAM

While Cayman may be small in size, there is never a lack of things to do in your spare time.

A BRIEF HISTORY

In the 500 years since European navigators first sighted the Cayman Islands, the territory has grown from a rugged outpost inhabited by pirates and seafarers to a modern financial hub and tourism hotspot.

First Sightings

The Cayman Islands were first logged as sighted by Christopher Columbus on May 10, 1503, naming the islands Las Tortugas after the many sea turtles in the surrounding waters. Sir Francis Drake arrived on the islands in 1586 and subsequently named the islands "Cayman" after caiman, a term in the region for crocodiles who called the island home.

The islands remained largely uninhabited until the 17th century, and while there is no archaeological evidence for an indigenous people on the islands, a variety of settlers ranging from pirates to refugees made their home on the islands.

It's a known fact that pirates were active in the area for many years, using the Islands as a base. Edward Teach, better known as Blackbeard, was a notorious pirate who operated in the Cayman Islands' waters. According to legend, this infamous swashbuckling pirate still has hidden treasure buried in the recesses of a Cayman Brac cave.

CAYMANKIND CULTURE

The Caymanian people pride themselves on the expression 'CaymanKind', which is the bread and butter of the islands' culture – it isn't a choice, it's a way of life. Beyond their time-tested traditions, Cayman is home to over 92 other nationalities, making it a melting pot rich in international culture.

Pirates Week

The Cayman Islands hosts an annual Pirates Week Festival, complete with a mock-pirate 'invasion'. Two old-time sailing vessels, loaded with pirates, arrive at George Town harbor with the pirates capturing the Governor. The festival continues all week with parades, costume contests, music, street dancing, local food stalls, and fireworks allowing you to live out the Pirates of the Caribbean movies in real-time.

Carnival

Throughout the Caribbean, carnival is a steadfast component of local culture. In Cayman, Batabano is the primary carnival, spanning multiple days of revelry, including colorful parades, lively soca music, dancing, and a showcase of the island's best local cuisine. The meaning of 'Batabano' refers to the tracks left in the sand when the turtles come onto the beach to nest. The tracks are reason to celebrate because they signify that the turtle population is replenishing itself.

TRANSPORTATION

Getting Around

The vast majority of people on the road in the Cayman Islands are driving cars, but you will see a few motorbikes, scooters, and bicycles as well as taxis and public transport buses.

There is a public transport system, but it is drastically different from what you might expect if you are coming from a city – our bus system lives the island life. There are bus stops along major routes of the island, but you can flag down a passing bus at any point and when you want to get off, just let your driver know.

Purchasing a Vehicle

You can find vehicles at ecaytrade.com, in the local newspaper (Cayman Compass), or at car dealerships. You also have the option of importing a vehicle if you prefer.

Getting a Driving License

Cayman has stringent traffic laws, so even though you might have had an overseas driving license for years, you will still need to take a theory test to make sure that you understand our traffic signs and the rules of our roads. If you have never had a driving license, you will need to take a theory test and a practical driving test and pass both before you can be issued a Cayman Islands driving license.

GOOD TO KNOW!

1. We drive on the left-hand side of the road.
2. The speed limit on the island varies between 25mph-50mph. Speeding tickets are freely dispersed to people who go over the limit.
3. The island is home to many roundabouts, which for some newcomers to the island is a new experience of their own to navigate.

SCHOOLS & CHILDCARE

Cayman has a wide variety of excellent public and private schools from preschool to university level for being such a small island. There are also a handful of adult classes available if you are looking to start a new hobby or meet new people.

In the Cayman Islands, all children from the age of five to 17 must attend a school or be homeschooled. Government schools are reserved primarily for Caymanians and those whose parents work for the Cayman Islands Government*, so for many looking to move on-island, you will need to look into private school education.

Private School Education

Cayman is home to several preschools following the Montessori system as well as a handful of private primary and high schools following either the British or American curriculum. It is strongly advised for all schools to enroll your children as soon as possible as available spaces tend to be few and far between. New arrivals to Cayman are often shocked at how quickly private schools can get filled up here - and you don't want to get stuck without a place in a school for your child.

[VIEW SCHOOLING OPTIONS](#)

AT A GLANCE

- The compulsory enrollment age is 5 years old
- There are 2,106 children enrolled in preschool
- There are 41 preschools on-island
- There are 3,481 students enrolled in private schools
- There are 27 private and government schools
- There are 731 teachers on the island

** Priority for entry into a government public school goes first to Caymanians/Status holders, then to dependants of Caymanians, thirdly to dependants of Cayman Islands Government employees, then to permanent residents and lastly to all others where space is available.*

UNWIND

After a busy day at work, enjoy a boundless offering of outdoor activities to refresh and unwind.
