**Fabrics, refreshed with SteamCare**

Our SteamCare programme restores your clothing with steam, reducing wrinkles and minimising the need to iron. So that garments retain their shape and texture for longer. What's more, our FreshScent system combines fragrance with gentle steam to refresh fabrics between washes.

**SensiCare System - Customised care in a shorter time**

Our SensiCare System weighs each load and automatically adjusts the cycle, so that your clothes are cleaned for just the right amount of time. Preventing overwashing and ensuring items retain their look and feel for longer.

**Ready to wear in one hour**

Our Non-Stop 60-Minute Programme washes and dries small loads in just one hour for an extremely fast and efficient cycle. So you can have your clothes effortlessly cleaned and cared for when you want them.

**Convenience in a single cycle**

Our Wash&Dry Programme provides convenient care for your clothing at the push of a button. Choose a single, dry-to dry cycle to clean everything in one streamlined process; or select separate wash and dry cycles for truly flexible care.
