

Confidence in corner-to-corner care

Thanks to the first-to-market satellite spray arm in our new dishwasher, every corner and every item in the machine is reached. Its innovative water strategy enables corner-to-corner cleaning so that even closely stacked or bulky items emerge like new. No smears, no stains. Just spotless across every surface.

Product Benefits & Features
A sparkling finish, no handwashing at all

You no longer need to spend time or effort handwashing your delicate. Our advanced GlassCare System with unique SoftGrip feature holds each glass securely in place throughout the clean and protects them from movement and vibration. Ensuring no cracks, breakage or watermarks.

Naturally inspired drying

Our new AirDry technology uses natural airflow to finish the drying. It opens the door by 10 cm in the last part of the cycle until you're ready to unload. A natural way to get maximum drying performance while effectively reducing your energy costs.

Glass care, beyond comparison

Your glasses emerge safe and sparkling with the GlassCare system. The top basket is designed to hold each glass securely in place, protecting them from vibration and preventing breakages. The lower basket offers the protection with the GlassHolder, allowing you to load even the largest glasses with
