- Antiflood device with Aqua Control sensor
- 51 l / 0.93 kWh for standard programme

**Your everyday items, protected with SensiCare**

Sensors automatically adjust the cycle settings to the size of the load within the first minute to reduce the time, energy and water used. This means even the smallest load will not be washed for too long, ensuring items retain their look and feel. Less wear and tear, guaranteed.

**Every item more comfortable with SoftPlus**

Our SoftPlus Option pre-soaks and distributes clothing evenly. Ensuring every fibre is reached and that every item in the load feels soft and smells fresh for longer.

**Adjust the cycle to suit your schedule with TimeManager®**

Make certain the laundry will fit into your schedule. With TimeManager®, you can adjust the cycle and your laundry will be ready exactly when you say so.

**Enjoy a peaceful home with our quiet washing machine.**

Washing machines from Electrolux are designed to perform quietly. This means that you can run a cycle while maintaining a calm and comfortable environment.
