

## Empire Communities Debuts the Maverick Social Club and New King West Condo

TORONTO, ON (April 10, 2018) – Empire Communities, one of Canada’s largest homebuilders, has launched The Maverick Social, a new social club experience that will be accessed exclusively by residents of Empire Maverick – the soon-to-be-released luxury condominium coming to King St West this summer.

Officially unveiled in February with a [Speakeasy Prohibition](#) party at King West’s Escobar, The Maverick Social will be piloted through a series of invite-only music, film, style, food and cocktail events attended by some of Toronto’s top influencers, tastemakers and Maverick Original members. In addition to the event series, social club members will have access to some of the biggest events and exclusive experiences in the city’s social calendar through Maverick Plus, including VIP sports tickets, sold out festivals, art parties and more.

“We are still reveling in the success of The Maverick Social’s first-ever event and are enthusiastic to continue piloting the concept,” says Sue MacKay, VP of Marketing at Empire Communities. “The speakeasy gave Toronto a first-look at this new social club experience, an exclusive amenity our Maverick residents will have access to in the form of curated events, bespoke concierge services and elevated experiences as discerning as our homeowners.”

Coming to King St West across from TIFF Bell Lightbox, Empire Maverick will be a condominium development as stylish as its address with a social club at its core, designed by IBI Architects and U31. Residents will enjoy a collection of sophisticated amenity spaces to unwind, hold business meetings or host private social events with the assistance of an on-site Social Architect to satisfy their every need through the Maverick Social.

“Eager to elevate Toronto condo living, we’re confident the Maverick Social will bring an unprecedented level of convenience and connectivity to the lifestyles of Empire Maverick residents,” says MacKay.
