

Bring Your Own Device (BYOD)

Enrollment Instructions

(Chrome OS)

Chromebook Enrollment Steps:

1. Navigate to enrollment.ftcsc.org on your device and look through the Terms and Conditions
2. Choose the group labeled “Students”

The screenshot shows the Ruckus enrollment interface. At the top is the Ruckus logo with the tagline "Simply Better Wireless." Below the logo are three enrollment options, each with a stylized arrow graphic pointing to the right:

- Visitors**: Sample Corp Visitors. A voucher is required for visitors to utilize the Sample Corporation secure wireless network. If you do not have a voucher, please ask your sponsor.
- Students**: Students of FTCSC may join personal devices to the secure wireless network. To do so, you must login with your domain credentials.
- Staff**: Staff.

At the bottom left, there is a button labeled "< Back". At the bottom of the page, there is a footer with the text "Assistance ID #9FD6" and "localhost.localdomain (3761.5.0.804)".

3. Sign in using your computer username and password

The image shows the Ruckus login interface. At the top, there is the Ruckus logo with a dog and the tagline "Simply Better Wireless." Below the logo, a message states: "Your username and password are required to access the network." There are two input fields: "Username:" with the text "tstudent2" and "Password:" which is empty. At the bottom, there are two buttons: "< Back" and "Continue >". At the very bottom of the page, there is a footer with "Assistance ID #9FD6" and "localhost.localdomain (3761.5.0.804)".

4. Download the file and open a new tab in Chrome. Copy and paste this URL: `chrome://net-internals/#chrome-os`

The image is a screenshot of a document titled "Chrome OS" with the following content:

- If you are not logged in as the Chromebook owner, log out and log back in as the owner.

Step 1: Download the Network File
Simply download the file. Do not open it yet.

Step 2: Import Network File
Import the Downloaded ONC File.

- Open a new tab in the browser.
- Type (or copy & paste) this address into the browser: `chrome://net-internals/#chromeos`

The screenshot shows a browser window with the address bar containing `chrome://net-internals/#chrome-os`. Below the address bar, there is a section titled "Import ONC file" with a "Choose File" button and the text "No file chosen". A hand cursor is pointing at the "Choose File" button.

- Under **Import ONC File**, click **Choose File**
- Select the downloaded `eng-Anna43.onc` file and click **Open**.
- If an error is not reported, your device is now configured for the network.
- To connect, select 'eng-Anna43' from the list of wireless networks.

5. Click Choose File and browse to and select the Network File you downloaded previously

6. Connect to the network FT-BYOD if not already.

That's it! Your Chromebook is now enrolled and ready for the 2018-2019 school year!
