FAQ for eLearning Days

Why do we have eLearning Days?

The Indiana Department of Education encourages school districts to hold yearly eLearning Days as an opportunity for students to engage their lessons through technology initiatives. The IDOE has been transitioning state assessments and other assessments to a digital standardized assessment format. In addition, most colleges and universities have moved to electronic submission of many assignments, quizzes and tests. Also, most job opportunities require some level of electronic use ability. FTCSC believes that eLearning Days will better prepare our students for their time as a student and for their future in college and/or the career field.

Inclement Weather eLearning Days will provide an opportunity to have students learn while at home to maintain learning momentum during inclement weather, prevent additional make-up days, and add the option of staying safe during extreme weather events. For future planned eLearning Days, not only will the students continue to benefit from the eLearning experience, but our teachers will be able to attend professional development activities and collaborate.

How will attendance be taken?

Students will be considered present when they submit their assignments.

What happens if my child cannot complete/submit their assignment that day?

Students will have one week (5 school days) to complete/submit assignments.

When will Learning Intentions and assignments be posted?

When inclement weather causes a school cancellation, Learning Intentions and Assignments no later than 9:00 AM. When possible, Learning Intentions and assignments will be posted ahead of the eLearning Day.

How does my child contact their teacher?

Students should use the teachers district email address. If you do not have the teachers email address, you can find it by going to the school's website and clicking on the staff tab. Teachers will have office hours from 9:00 AM - 12:00 PM.

Where does my student go to find and turn in assignments?

Students in Kindergarten through 5th grade will use Google Classroom. Students in 6th grade through 12th grade will use Canvas.

My child does not have a device.

Students will have one week to turn in assignments. This will allow the student to use a district device to complete the assignments.
