Sky elaborated on the details of progress on sponsorships at the request of the board. Our target was \$50K, we're about at \$25K now. Leads from board members would still be helpful. Sky ran down current list and will send an email after the meeting to the board.

(Rodney arrived at 12:26 pm, Dustin came back online at 12:27 pm)

(Gordon arrived 12:30 pm)

- \* Budget/Financial review
- Dustin gave treasurer's report.
- May numbers being finalized to share with board
- Have about 65K cash currently
- Memberships down a bit
- Tracking to budget that was updated by Tom as prior Treasurer; but will start lagging that soon
- About \$10K down in bank position from last year
- Upcoming events and registrations and sponsorships are impacting us
- So overall we are down a bit, and will be reforecasting at end of quarter (end of June) to see what adjustments we may need to make

Executive Session at 12:35 pm; all staff except Gordon left call.

Returned from Executive Session at 1:10pm.

(Gordon and Staff returned)

- \* Offsite
- Still looking to get the moderator; Brian has some good leads
- \* Website
- Gordon summarized - general updates to website being defined and a plan to implement starting in July or so. Darius offered to jump back into being a resource to get this moving. The board committee on technology will be providing some oversight and reporting back to the board with Gordon.
- \* New business
- No new business.

Offsite - see you there! Be prepared to read documents and review ahead of time. Some discussion of logistics related to hotels, following conferences, and attendance. This will be in a follow-up communication to be sure people not on the call get it.

Adjourned at 1:25 pm.
