ABOUT MARYVILLE UNIVERSITY

WE KNOW WHAT IT MEANS TO BE BRAVE.

It takes courage to set out and earn your degree online on top of all the other things you have going on in your life. We get it. After all – we know a thing or two about courage.

We've been progressively challenging the norms of higher education for nearly 150 years. We started as one of the first universities in the region to educate women. Today, we continue to push the boundaries and prepare students like you for a digital world. At Maryville, we understand what it takes to step beyond your comfort zone.

Maryville University is a nationally ranked private college recognized for comprehensive and innovative education focused on student learning, outcomes, and success – both online and on campus. We're located just 22 miles from downtown St. Louis.

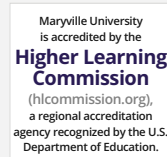

We invite you to be brave with us. Discover how our online programs deliver a student-first experience unlike any other.

TOMORROW BELONGS TO THE BRAVE. GET STARTED TODAY.

ONLINE NURSING PROGRAMS

BECOME A HOLISTIC CAREGIVER

Whether you seek an MSN, Post-Master's NP Certificate, DNP, DNP-NP, or BSN to DNP, Maryville University's online programs take nursing education to an exceptional level.

You became a nurse to change lives. Now you can broaden your scope and help more people. Our advanced nursing programs are designed to teach you the totality of patient wellness and prepare you to transform as a caregiver. Extend your reach in your community by joining our virtual community – where passionate nurses like you can learn from expert practitioners using a student-focused curriculum designed to prepare you to lead in the evolving healthcare field.

With your advanced nursing degree, you can prepare to transcend the traditional nursing role and proactively find healthcare solutions. Learn to drive positive change in your organization through evidence-based practices and serve as an advocate who fills resource gaps.

At Maryville, you can graduate as a nursing leader who is skilled, compassionate, engaged, and educated, so you can stand confidently on the front lines of healthcare and bravely navigate the complex challenges ahead.
