

MELT PRESSURE / TEMPERATURE MONITORING

Product Description: Melt pressure / Temperature monitoring

Advantages:

- Increased control over process through real time pressure/temperature on-screen feedback
- Simple and cost effective to fit by replacing blanking screw with pressure transducer/ temperature sensor

Features:

- Analogue pressure transducer, melt temperature sensor.

Hardware structure:

- Analogue sensors, hard wired into the PLC control panel.
- Wiring and programme upgrade required.

Main functions:

- On screen melt pressure and /or melt temperature displayed in real-time

Product Availability:

	UMS 4.S/D	UMS 8.S/D	UMS 12.S/D	UMS 16.S/D	UMS 20.S/D	UMS 24.S/D	UMS 30LS.S/D	UMS 32.S/D	UMS 35LS.S/D	UMS 35.S/D
