### What will happen next?

Cremation Society of Missouri will send a care professional to your loved one's location as soon as we are notified. In most cases it takes less than an hour for us to arrive at any location in the St. Charles area. Your loved one is transferred directly to the care and cremation center.

A staff member will be dedicated to assisting you and your family and will contact you to set a mutually agreed upon time of your choosing to make arrangements. From there we will then take care of filing all necessary paperwork with the State of Missouri.
