HISTORY

In 2011, a small team with a big passion for design embarked upon a mission to bring a fresh perspective on lighting to an industry poised for change. Before long, Juniper would become one of the early pioneers of the burgeoning Brooklyn contemporary lighting scene.

Today, Juniper is a fully-integrated design and manufacturing studio. Honesty, passion, and craftsmanship are fundamental in our quest to bring upscale architectural lighting to homes, offices, and hospitality spaces worldwide.

VISION

Our business was formed around the idea that good design is essential and has the power to transform people and places in meaningful ways. We do this by integrating design with technology to create innovative lighting solutions for unique spaces. For us, that means reducing our products to their truest and simplest form. It means innovating not for the sake of it, but to solve problems in a way that improves our lives while reducing demands on our environment. It means using natural materials and finishes that reflect the true origin and intent of our products.

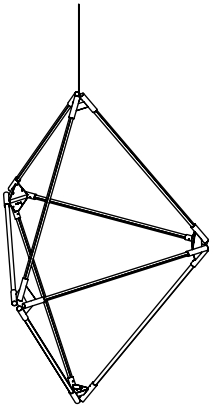

We believe that honesty in design can be found in the details, so we obsess over them, sometimes irrationally, as we seek to solve problems even our users don't know exist. In the end, we fall in love with our products. We're proud to make them, proud to produce them, and proud to be shown with them.

COLLECTION

Amazement occurs when one witnesses the unusual. With this in mind, each of our collaborations begin with the intent and the challenge to produce something outside of the norm. Sometimes innovation is in the details, and sometimes it is at the very core of the product. Our collection is made up of thoughtfully designed and meticulously engineered lighting solutions, while our design philosophy is centralized around reduction, user experience, and technological advancement.

We are proud to be the recipients of numerous design awards. Our products have been featured in a collection of design anthologies and publications across the globe.

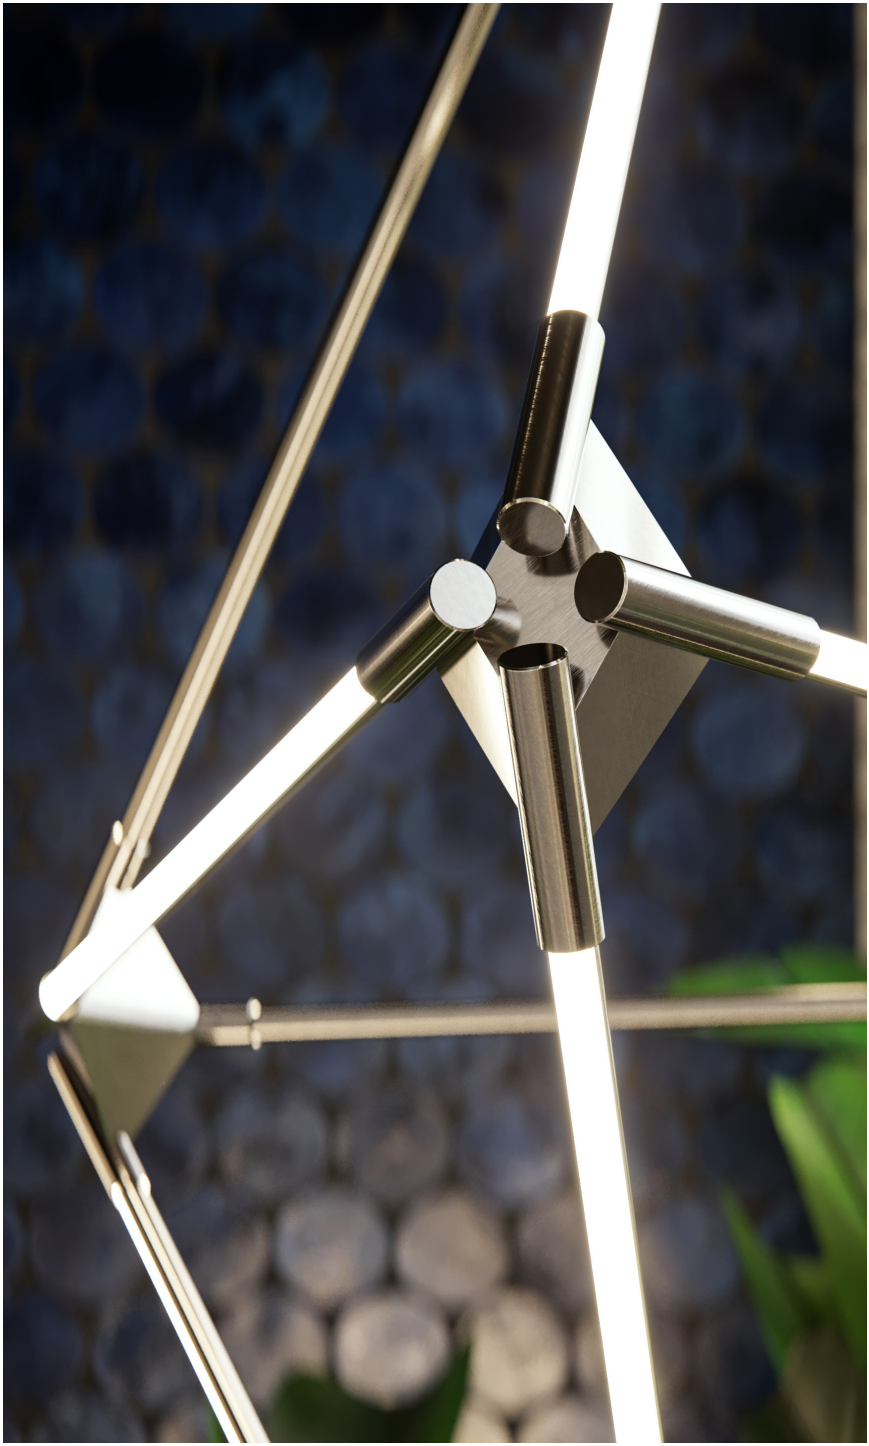

THIN SOLIDS DIAMOND

The THIN Solids Diamond features opposing forces that join at its center to create a symmetrical and harmonious octahedron shape. The THIN Solids Collection offers our THIN rotatable light segments that can be turned in for a concentrated glow, or rotated out for a diffused aura of ambient light.

DIMENSIONS	12 IN, 18 IN, OR 24 IN LENGTHS, 1/2 IN Ø
WATTAGE & LUMENS	12 IN - 30.6W, 0-2700LM TOTAL

OTHER MOUNTING
OPTIONS AVAILABLE

THIN SOLIDS TETRAHEDRON

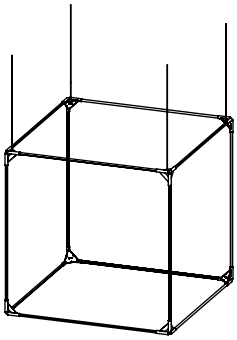

The THIN Solids Tetrahedron displays a triangular silhouette outlined by minimal lines of light. One of five Platonic solids, the Tetrahedron symbolizes one of the strongest structural shapes for durability under pressure. The pendant provides an impactful statement as it suspends from either of its corners or sides.

DIMENSIONS	12 IN, 18 IN, OR 24 IN LENGTHS, 1/2 IN Ø
WATTAGE & LUMENS	12 IN - 20.4W, 0-1800LM TOTAL 18 IN - 30.6W, 0-2700LM TOTAL 24 IN - 40.8W, 0-3600LM TOTAL

M LAMP

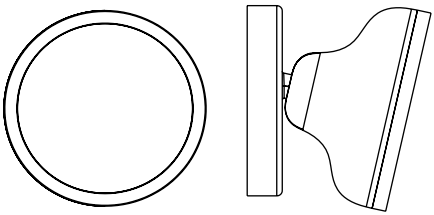

WITH DAVID IRWIN

The M Lamp draws inspiration from the iconic 19th Century miners' lamps. It features a 360° rotating head and integrated rechargeable battery. Long-lasting life and aluminum body means the dimmable M Lamp can be taken anywhere, even where power is limited.

DIMENSIONS	6 IN X 9.5 IN, 4.5 IN Ø HEAD
WATTAGE & LUMENS	3W, 0-200LM
LIGHT TEMPERATURE	2700K
LIGHT QUALITY	90CRI
BATTERY	LITHIUM IRON PHOSPHATE BATTERY 2000 CHARGE CYCLES
CHARGE LIFE	8-70 HOURS PER CHARGE
MATERIALS	POWDER-COATED HIGH-GRADE ALUMINUM, ACRYLIC
FINISHES	GLOSSY WHITE, MATTE BLACK
CERTIFICATIONS	CE, FCC, UL (POWER SUPPLY)

M Lamp in Glossy White

THE WALLY

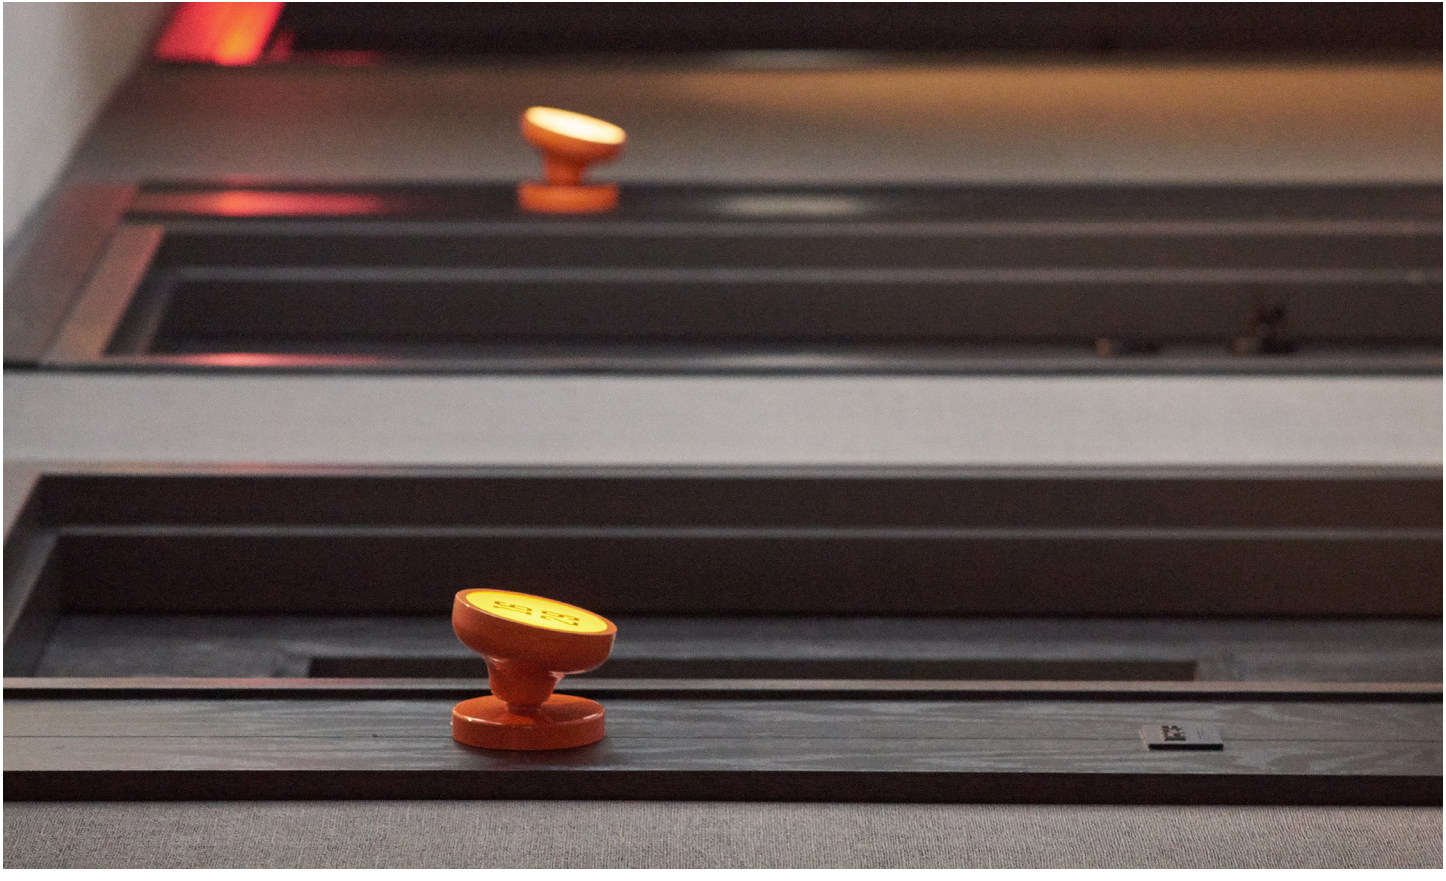

WITH DAVID IRWIN

The Wally sconce encapsulates the narrative of 19th century miners' headlamps. The fixture combines vintage aesthetic with the requirements of a modern and functional LED sconce. With custom decals, the Wally can be a playful sign or interactive indicator light.

DIMENSIONS	4.5 IN Ø HEAD X 4 IN
WATTAGE & LUMENS	3W, 200LM (NON-DIMMABLE)
LIGHT TEMPERATURE	2700K
LIGHT QUALITY	80CRI
MATERIALS	PMMA, POWDER-COATED HIGH-GRADE ALUMINUM, VINYL FOR DECALS
FINISHES	GLOSSY ORANGE, GLOSSY WHITE, MATTE BLACK, CUSTOM FINISHES AVAILABLE UPON REQUEST
CERTIFICATIONS	UL, ETL
OTHER FEATURES	OPTIONAL CUSTOM VINYL DECALS, AMBER INDICATOR LIGHT, ADA COMPLIANT

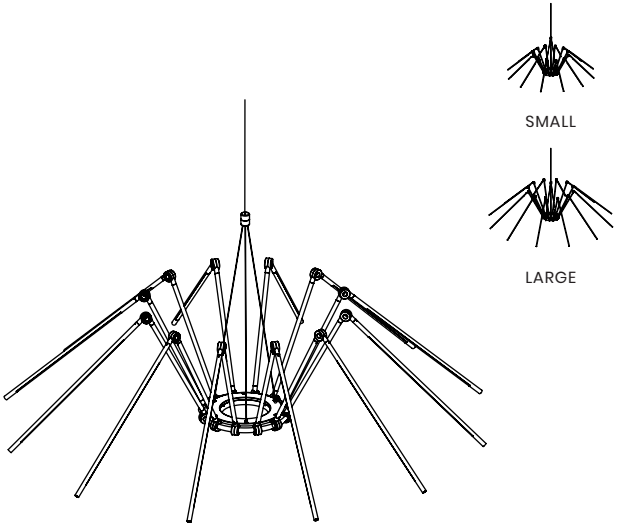

The Wally in Matte Black with Custom Decal & Switch Plate

The Wally in Vibrant Orange with Custom Decal, The Moxy Hotel, Times Square, NY

THIN CHANDELIER

WITH PETER BRISTOL

The THIN Chandelier is an elegant modular LED fixture that appears to suspend weightlessly. Available in two sizes, the chandelier is made from precision-machined ½-inch ∅ brass tubes. Dimmable light arrays can be articulated on-site to form countless arrangements.

DIMENSIONS	SMALL - 87 IN Ø EXPANDED LARGE - 127 IN Ø EXPANDED
SEGMENT QUANTITY	12 SEGMENTS TOTAL

LOVE ME NOT | À LA FOLIE

WITH PASCALE GIRARDIN

The Love Me Not draws from childhood memories of picking petals off of daisies. The LED pendant's delicate curves and diffused light are crafted from five layers of acrylic with a porcelain-like matte finish. Each pendant is hand-formed so no two fixtures are identical.

DIMENSIONS	36 IN Ø X 16 IN
LUMENS	0-3000LM
LIGHT TEMPERATURE	3000K
LIGHT QUALITY	90CRI
WATTAGE	32W
MATERIALS	COPPER, ALUMINUM FROSTED PMMA
FINISH (HEATSINK)	BLACK OXIDE
CERTIFICATIONS	cUL, UL

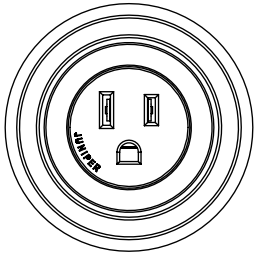

GROUND CONTROL DOUBLE USB PORT

The Ground Control Double USB Port is a furniture-mounted power accessory that features two universal USB plugs and mounts to a desk's surface. Made of a solid brass casing, this elevated device charger complements Juniper lighting fixtures and other Ground Control accessories.

DIMENSIONS	2.5 IN Ø X 2 IN
COMPATIBILITY	2.0 TYPE A
MATERIALS	BRASS, ABS
FINISHES	SATIN BRASS, BLACK OXIDE, SATIN NICKEL
CERTIFICATION	CE

Ground Control Double USB Port in Satin Brass

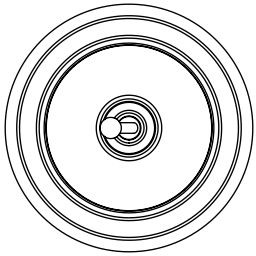

GROUND CONTROL POWER OUTLET

The Ground Control Power Outlet is designed to be installed on panels and desktops. The Type B power receptacle is embedded inside a precision-machined solid brass grommet. The natural patina finishes speaks to the simple luxury of the design.

DIMENSIONS	2.5 IN Ø X 2 IN
COMPATIBILITY	NEMA 5-15 (IEC PLUG TYPE B)
MATERIALS	BRASS, ABS
FINISHES	SATIN BRASS, BLACK OXIDE, SATIN NICKEL
CERTIFICATIONS	cUL, UL

Ground Control Power Outlet in Satin Brass

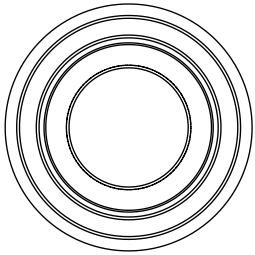

GROUND CONTROL TOGGLE SWITCH

Inspired by the dials and switches of mid-century mission control rooms, the Ground Control Toggle Switch is precision-machined from solid brass and furniture-mounted to operate in line with a range of low voltage light fixtures.
