

JUNIPER[®]

To Our Community,

JUNIPER is taking precautions to protect our customers and employees during the COVID-19 outbreak. We believe now is a moment for teamwork, communication, and understanding.

JUNIPER sales, customer service, and operations teams have been moved to work from home until further notice. Our main phone lines have been directed to ensure continuation of client and vendor communication. We are devoted to maintaining our client service while upholding social distancing standards.

Our dedicated production team has reorganized into small, split shifts to limit the number of employees on our production floor. This realignment strategy allows JUNIPER to meet and surpass workplace safety practices recommended by the CDC. We are focused on delivering our products efficiently while maintaining a safe working environment. At this time, we do not expect delays to our production schedule.

JUNIPER staff have been trained on proper sanitation methods and are mandated to follow a strict sanitation schedule. The health and well being of JUNIPER employees has always been a priority. JUNIPER covers 100% of health insurance costs for employees, while also offering generous PTO and family benefits.

JUNIPER is devoted to its staff, clients, friends, and neighbors. During this time, we look to safely support our local community and the greater design community. Thank you for your cooperation and understanding. We look forward to continue working with you.

Please contact us with any questions at: INFO@JUNIPER-DESIGN.COM.

Wishing you all good health.
Sincerely,

The JUNIPER Team
