The National Center on Elder Abuse (NCEA) serves as a national resource center dedicated to the prevention of elder mistreatment. First established by the U.S. Administration on Aging (AoA) in 1988 as a national elder abuse resource center, the NCEA was granted a permanent home at AoA in the 1992 amendments made to Title II of the Older Americans Act.

The National Clearinghouse on Abuse in Later Life (NCALL) is a project of End Domestic Abuse Wisconsin: The Wisconsin Coalition Against Domestic Violence. NCALL is committed to creating a world that respects the dignity of older adults and enhances the safety and quality of life of older victims and survivors of abuse.
Terra Nova Films creates, produces, distributes, and presents films and videos that, through the power of visual storytelling, foster a holistic look at aging and elderhood—one that values elderhood as much as any other stage of life, and respects the life experience and contributions of older adults.

Learning Objectives

As a result of this webinar, participants will be better able to:

• Utilize the draft LUV videos and discussion guides during this pilot testing phase to raise awareness about how to better address needs of older victims of various forms of abuse
• Provide timely feedback to NCALL, Terra Nova Films, and the Office for Victims of Crime for an evaluation of the LUV video and discussion guides
• Describe WEAAD 2019 initiatives and provide feedback to NCEA
