

NursingCE: Infection Control

Release date: December 4, 2017

Expiration date: December 4, 2020

Number of CNEs for satisfactory completion of educational activity: 6

Overview

NursingCE provides a high-quality, effective, and comprehensive way for licensed practical nurses, registered nurses to earn their state-required continuing nursing education credits in an online format. This educational activity focuses on Infection Control providing up-to-date content intended to enhance the knowledge of practicing nurses and includes test items with rationales to test learners' knowledge and remediate as needed.

Target Audience

The target audience for this educational activity is registered nurses.

Learning Objectives

Upon completion of this activity, learners should be able to:

- Identify standard and transmission precautions.
- Differentiate among standard, contact, droplet, and airborne precautions.
- Identify standard precautions for blood and body fluids and body-substance isolation as specified by the Centers for Disease Control and Prevention (CDC).
- Explain the rationale for isolation precautions in hospitals.
- Identify where to find policies and procedures for exposure within an organization or agency.
- Identify implications related to isolation for the nurse and patient.
- Define and correctly pronounce terms specific to infection control.
- Explain latex sensitivity including implications related to occupational skin disorders.
- Explain the value of evidence-based research for infection control in the work setting.

Accreditation and Designation

This learning activity has been planned and implemented in accordance with the accreditation requirements and policies of the American Nurses Credentialing Center's Commission on Accreditation (ANCC) through the Assessment Technologies Institute, LLC (ATI) Nursing Education Provider Unit.

Assessment Technologies Institute, LLC (ATI Nursing Education) is accredited as a provider of continuing education by the American Nurses Credentialing Center's Commission on Accreditation.

Commercial Support

None

Faculty and Planners Disclosure Statement -

The author(s) attest that they do not have a conflict of interest, bias, or commercial support related to the educational activity. The author(s) nor any member of their immediate family, have any financial relationship in which they receive salary, royalty, fees, honoraria, ownership interest or other financial benefits from an organization addressed in the educational materials. They do not promote any services or products during the activity and neither the

author(s), nor any member of their immediate family, have any financial interest in the topics presented during the educational activity.

Learners must submit a completed evaluation of the educational activity to receive their CNE certificate.

Method of Participation to Earn CNE Credit(s)

Learners must pay the appropriate fee for participating in and receiving credit for this online educational activity. In order to obtain credit for participating in this activity during the period of December 4, 2017 through December 4, 2020, learners must:

1. Review the educational objectives and disclosure statements.
2. Read through the entire course and complete activities as indicated.
3. Answer test items presented throughout and at the end of the course.

CNEs will be issued after the learner has:

1. Answered all of the test items with a score of 80% correct or higher
2. Completed the course evaluation.

After completing these activities, the learner will be able to print out their CNE certificate.
