

Archaeology List of Video Resources

The video resources in this package are divided into two categories:

1. The first category, “**Program Videos**,” lists archived versions of our live, interactive student programs that explore multiple concepts and topics related to exploring archaeology.
2. The second category, “**Topic Videos**,” includes short videos that deal with a specific topic, issue, event, or person related to exploring archaeology. Some of the “topic videos” listed here are also featured in one of the archived live programs. If so, the name of the archived program video is included in parentheses.

More information on each video, including a description of its content, grade levels targeted, and any teacher tools or student tools related to it, can be found on its video play page by clicking on its title below. Time length for each video is provided below and on its video play page.

Program Videos:

Archaeology 1: Explore! Archaeology (26:25)

Archaeology 2: The Science Behind Archaeology (44:33)

Topic Videos:

Archaeology 3: Working at an Archaeological Dig 1 (00:54—also seen in Archaeology 2: The Science Behind Archaeology)

Archaeology 4: Finding and Recording Artifacts at an Archaeological Dig (01:24—also seen in Archaeology 2: The Science Behind Archaeology)

Archaeology 5: Working at an Archaeological Dig 2 (00:46—also seen in Archaeology 2: The Science Behind Archaeology)

Archaeology 6: Tools and Equipment Used at an Archaeological Dig (01:26—also seen in Archaeology 2: The Science Behind Archaeology)

Archaeology 7: Work Conditions at an Archaeological Dig (00:52—also seen in Archaeology 2: The Science Behind Archaeology)

Archaeology 8: How do you spot a place to dig? (01:24—also seen in Archaeology 2: The Science Behind Archaeology)

Archaeology 9: Tools Used at a Dig (03:46—also seen in Archaeology 2: The Science Behind Archaeology)

Archaeology 10: Setting Up and Using the Grid to Record Artifacts (01:39—also seen in Archaeology 2: The Science Behind Archaeology)

Archaeology 11: How Rain Can Affect a Dig Site (00:39—also seen in Archaeology 2: The Science Behind Archaeology)

Archaeology 12: Chain of Evidence for Artifacts from a Dig Site (01:06—also seen in Archaeology 2: The Science Behind Archaeology)

Archaeology 13: How careful do you have to be when digging? (01:23—also seen in Archaeology 2: The Science Behind Archaeology)

Archaeology 14: Is there a sequence to how a dig is explored? (01:10—also seen in Archaeology 2: The Science Behind Archaeology)

- Archaeology 15: Why be an archaeologist? (01:23)
- Archaeology 16: The Interdisciplinary Nature of Being an Archaeologist (00:49)
- Archaeology 17: Does the process or tools used for a dig change depending on where the dig is located? (00:48—also seen in Archaeology 2: The Science Behind Archaeology)
- Archaeology 18: What an Artifact Can Tell You--An Example of Finding a Medieval Coin (03:32—also seen in Archaeology 2: The Science Behind Archaeology)
- Archaeology 19: What is the process for recording a found artifact? (01:24—also seen in Archaeology 2: The Science Behind Archaeology)
- Archaeology 20: What is the process for closing a dig site appropriately? (01:59—also seen in Archaeology 2: The Science Behind Archaeology)
