Training and Interests:

Special training consisted of 25 years reading to, loving, teaching, storytelling and interacting with kindergarteners. Being a preliminary judge with Miss Alabama Organization for several years has also given me opportunities to interact with young women and older adults. I have had the amazing opportunity to travel in 49 of our 50 states, Egypt, Turkey and Canada.

Interests that bring happiness on many levels are watching seasonal changes, wearing ladies' hats, watching snow fall, blowing bubbles with a child, dressing silly, toasting pumpkin seeds, painting, gardening, traveling (RVing), walking, sewing, twirling, basic roller and ice skating. Did I mention that I am a super "Grandmeir"!
