

# Old English

Visualize | Realize | The leather you imagine, and more.

Old English is a beautiful hand-antiqued leather combining traditional craftsmanship with modern leather tanning and finishing technology. The two-tone coloring is applied completely by hand in our U.S. facility. The surface is then enhanced with a polished sheen, which accents the intricate blending of the color treatments and protects the leather against wear and spills, making Old English a good choice for any application.

**Note:** Environmentally friendly Old English is solvent and lead free, emits low VOCs and has achieved an Indoor Gold Advantage certificate from SCS.

## Technical Specifications

Origin	USA
Raw Material	Top grain, aniline drum dyed
Leather Type	Pigmented
Hide Size	48 – 52 sq.ft.
Thickness	1.0 – 1.2 mm
Abrasion Resistance	ASTM D7255: C510 Wheel Taber 1,000 cycles/1,000 gram weight
Light Fastness	ISO 102-B05: Blue Wool Scale ≥ 5
Wet Crocking	ASTM D5053: Class 5
Flame Resistance	NFPA 260: Class 1; CAL TB117–2013; Boston Fire Code; NY/NJ Port Authority; FMVSS 302
Performance Category	3
Cleaning Code	4

## Performance Category 3

Leathers with Performance Category 3 are protected for use in the most challenging wear, stain and fading environments such as commercial aviation, automotive, office task chairs and dining seating. Only pigmented and semi-aniline leathers with strong protection meet the standards for this category. Of course, these leathers are also suitable for any application where bright, uniform colors and exotic looks are desired. More information is available on our website at [cortinaleathers.com/resources/performance/](http://cortinaleathers.com/resources/performance/).

## Warranty

Leathers with Performance Category 3 have a 5 year limited warranty against manufacturing defects. See complete details at [cortinaleathers.com/resources/warranty/](http://cortinaleathers.com/resources/warranty/).

## Care & Cleaning Code 4

Semi-aniline and pigmented leathers are resistance to wear, scratching and staining so they require very little maintenance to maintain their beauty over time. General upkeep requires only an occasional dusting with a clean cloth. Periodically, you may wish to gently wipe the leather with a clean, damp cloth to remove accumulated soil and allow it to air dry. Leather conditioners and protectants, such as those by Leather Master® can be used as directed. Should a spill occur, blot (pressing gently without rubbing) immediately using clean, dry sections of an absorbent cloth or paper towel. Should soiling remain or for a more thorough cleaning, Cortina Leathers Universal Cleaner High-Tech Wipes® or a solution of lukewarm water and a mild cleaner, such as Ivory® soap or Woolite®, may be used. Dampen a clean white cloth and gently wipe the affected area using a circular motion. Rinse completely with clean sections of cloth which is damp with plain water until all cleaner is removed. Blot dry with paper towels or dry cloth and allow to completely air dry. Repeat the cleaning process as needed, allowing the leather to dry between applications. While it is possible to remove many deep stains and soiling from semi-aniline and pigmented leathers, it may not be possible to remove all stains from this natural product. More information is available on our website at [cortinaleathers.com/resources/care-cleaning/](http://cortinaleathers.com/resources/care-cleaning/).
