

# Rustic

Visualize | Realize | The leather you imagine, and more.

With the feel of nubuck and the look of no other leather, Rustic is a true original. Artisans start by finishing fine European hides in a rich base color before the peaks of the natural pebble grain are hard-sanded to give the leather a unique distressed look and soft luxurious hand. Rustic gives a worn and inviting look to any design from a vintage-inspired lodge to even the most modern of spaces.

**Note:** Environmentally friendly Rustic is solvent and lead free, emits low VOCs and has achieved an Indoor Gold Advantage certificate from SCS.

## Technical Specifications

Origin	Germany
Raw Material	Top grain, European bovine
Leather Type	Semi-aniline
Hide Size	55 – 60 sq.ft.
Thickness	1.0 – 1.2 mm
Abrasion Resistance	ASTM D7255: C510 Taber Wheel 500 Cycles/500 gram weight
Light Fastness	ISO 102-B05: Blue Wool Scale $\geq 3$
Wet Crocking	ASTM D5053: Class 3
Flame Resistance	NFPA 260: Class 1; CAL TB117–2013
Performance Category	2
Cleaning Code	6

## Performance Category 2

Leathers with Performance Category 2 retain their natural appearance while carrying additional protections against abrasion, staining and color fading. Aniline leathers with some protection and semi-anilines are found here. These leathers are suitable for a wide range of applications across a wide range of wear and stain risk, such as those found in commercial settings and dining areas. More information is available on our website at [cortinaleathers.com/resources/performance/](http://cortinaleathers.com/resources/performance/).

## Warranty

Leathers with Performance Category 2 have a 1 year limited warranty against manufacturing defects. See complete details at [cortinaleathers.com/resources/warranty/](http://cortinaleathers.com/resources/warranty/).

## Care & Cleaning Code 6

For general upkeep occasionally vacuum these leathers using an upholstery attachment and occasionally brush the nap using a soft-bristle suede upholstery brush. All Cortina Leathers' suedes and nubucks are treated in the drum for water repellency, and can be maintained with reasonable care. However, we advise immediate attention in the event of spills or soiling. For spills, blot (pressing gently without rubbing) immediately using clean, dry sections of an absorbent cloth and brush to restore the nap. If soiling remains, minimally dampen a clean cloth with water and gently dab—never rub—the leather. Use a soft brush to restore the nap. Avoid over-wetting this leather to prevent discoloration. Visit [cortinaleathers.com/resources/care-cleaning/](http://cortinaleathers.com/resources/care-cleaning/) for more information.
