HOW TO EXPERIENCE STATION HOPE

Use your map. Or don't.

Station Hope features short works of theatre, dance, poetry, music, and visual art installations by local professional and community artists. Follow your map to chart your course or let yourself wander and discover the unexpected.

Choose-your-own-adventure.

With dozens of performances across 10 stages, it is impossible to see everything (although we encourage you to try!). Feel free to enter and exit performance spaces as you please. There's always something new just around the corner!

Share your experience.

Don't keep Station Hope all to yourself. Keep your phone ON during the event (but please silence the ringer). Text, tweet, snap a photo, or share a post... #StationHope19 @CPTCLE

Have questions, or need help along the way? Just look for one of our Station Hope volunteers.
