

**Pharmaceutical
Processing
Equipment**

Direct Recruiters has been recognized as the relationship-focused search firm that assists Pharmaceutical Processing Equipment organizations with recruiting, acquiring and retaining high-impact talent for mission-critical positions. We have been a trusted partner for some of the most progressive companies in the industry.

Pharmaceutical services is a broad category comprised of contract research, contract manufacturing and contract sales organizations. This industry also includes organizations that serve the pharmaceutical industry in a variety of other capacities such as information services and technology as well as safety and strategy consulting.

The DRI team is comprised of Senior Recruiters and Research Associates who have a thorough understanding of this emerging job market. On a daily basis, we are in contact with executive management and hiring authorities looking to hire top professionals.

Here's what one client had to say about Cherie Shepard, and team:

"We had used Cherie to fill a very difficult and complex role in our organization. Cherie really helped with the whole process from refining the job description, to identifying key skillsets, and evaluating each candidate. Communication with Cherie was great and I felt extremely prepared during interviews which made our hiring process much easier."

William Minaeff, Head of North American Implementation
Körber Medipak
