

Direct Recruiters has been recognized as the relationship-focused search firm that assists Robotics organizations with recruiting, acquiring and retaining high-impact talent for mission-critical positions. We have been a trusted partner for some of the most progressive companies in the industry.

Over the past seven years, our Robotics search team has seen the industry evolve dramatically to meet emerging industrial demands. By definition, Robotics is a complex discipline that can present unique challenges in acquiring talent with specific skills and backgrounds. Our firm brings years of experience and the know-how to help our clients acquire the talent necessary to thrive in the Robotics and Automation market.

As Recruiters in Robotics, we understand that now more than ever, your company will require professionals with specific skill sets and proven track records. Our Recruiters and Researchers are able to quickly identify, recruit, and secure key Robotics candidates who have the knowledge needed for your company to compete and thrive in this unique and growing industry. The synergy created enables us to impact companies and enhance careers of Robotics professionals of every experience level.

Some typical fields and functions our consultants serve include:

Fields:

- Robotics Automation Systems
- Robotics Vision Systems
- Robotic Integration
- Autonomous Robots
- Project Managers
- Robotics for Material Handling
- Robotics for Palletizing
- Collaborative Robots
- Mechatronics Engineering
- Pharmacy Automation
- Mobile Robots

Function Types:

- Sales
- Product Marketing
- Business Development
- Project Managers
- Robotics for Material Handling
- Robotics for Palletizing
- Turnkey System Sales
- Service Sales
- Dynamics & Kinematics

Here's what clients and candidates had to say about Joshua Olgin and team:

"I have known Josh for some time and was able to work with him to place personnel with our team late 2017 and early 2018. Always the consummate professional, Josh identified and presented great candidates that our team gladly brought on. He works tirelessly, is always there and follows up without fail. I count him as one of the go-to guys for resources in our field!"

Brian Dillman, Vice President National Sales - Automated Motion

"Josh was a pleasure to work with and is a consummate professional. He carefully addressed each of my questions/concerns thoroughly and was transparent in all communications. It was evident early on that he is a seasoned veteran in the robotics industry and was very knowledgeable about the client/employer relationship, ensuring everyone's needs were addressed. They say the best compliment is a referral – I have already passed his name along and plan to do so in the future. Thanks Josh!"

Amanda Sprinkle, Robot Sales Specialist - BEHCO

"I've worked with many recruiters but Josh's level of commitment and detail to his clients are second to none. Communication and honesty is key when working in this field and Josh does both extremely well! I highly recommend Josh if you are looking for a position in Robotics and/or Automation - you will know exactly where you are in the process at all times with Josh and you won't be disappointed. He is very good at placing people and ensuring a great cultural fit!"

Amber Fulmer, Strategic Robot Sales and Industrial Automation - OnRobot

"Josh is a very motivated and driven recruiter. I had the privilege of working with Josh to land a job with a great automation company. He was very professional and diligent in his follow ups. I would highly recommend Josh if you are looking for a career in automation."

Matt Stanley, Territory Sales Representative - SCHUNK
