### [A Mission to Empower Others](#)

John, a visionary local musician, aims to empower individuals with disabilities by building his own recording studio from the ground up. Read more about what John has in store for his future.

### [A Good Life Starts With a Good Beginning](#)

A child's path to success begins long before school. Early detection of delays and early intervention services can put many children on a typically developing path. Explore new online screening tools for families.

### [Shared Living Increases Independence](#)

Shared living provides adults with disabilities the opportunity and support to live healthy and meaningful lives as part of their own communities. Learn more about these beneficial services.
