

# We are clinical and advocacy leaders.

## Who We Are

Celebrating four decades of experience in physician services, we've grown from a small group established by emergency physicians to one of the largest integrated care providers in the country. At our core, we believe better experiences lead to better outcomes—for patients, clients and clinicians alike. We offer the highest quality staffing, administrative support and management across the full continuum of care, from hospital-based practices to post-acute care and ambulatory centers.

## What We Offer You

As a clinician, you have the support of 16,000+ colleagues with the shared experience of more than 28 million+ hospital visits and a vast network of outpatient facilities. Clinicians can choose from 3,100+ facilities nationwide—providing the best fit for the clinician and the community.

## We are industry leaders.

TeamHealth is the first choice for clinical leaders when they decide where they want to practice. Influential physician and business leaders at TeamHealth are incredibly passionate about serving the people they work with, their clients and their patients, and they are on the forefront of shaping the future of healthcare.

Not only do these leaders hold executive leadership positions in various societies and organizations, but they have been recognized by the healthcare industry as being at the top of their game. And aside from their impressive qualifications, they are dedicated supporters of quality and innovation in patient care and have devoted their careers to building the best organization for clinicians.
