EMERGING LEADERS

Emerging Leaders harness the power of energetic up-and-comers 35 and younger to put opportunity in the hands of all North Texans. Together, this passionate group of doers and change-seekers strengthens education, income and health—the building blocks of opportunity—to ensure more students graduate ready to succeed, more families achieve financial stability and more people lead healthy, productive lives.

If you are looking to network, grow as a leader, and create lasting change in our community, join this exclusive giving society for those 35 and younger who make a gift of at least \$250 in a fiscal year (July 1 – June 30). Members also connect to their communities and each other through special events and volunteer projects.

EMERGING LEADERS BENEFITS

Emerging Leaders enjoy:

- Connect with like-minded young professionals at casual networking events. Enjoy food, drinks and a chance to meet new people. You'll also hear a quick inspirational story about the work United Way is doing in North Texas and have a chance to support it right then and there.
- Give back with fellow young professionals at group volunteer projects. Learn about the issues of homelessness, our local education system, and poverty while helping to create change and build connections.
- Receive frequent updates and communications on the work United Way is doing in North Texas, including the Unite newsletter featuring highlights impact work and donor events
