REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors
United Way of Metropolitan Dallas, Inc. and
United Way Foundation of Metropolitan Dallas

Report on the financial statements

We have audited the accompanying consolidated financial statements of United Way of Metropolitan Dallas, Inc. and United Way Foundation of Metropolitan Dallas (collectively, "United Way"), which comprise the consolidated statements of financial position as of June 30, 2020 and 2019, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to United Way's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Way's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of United Way as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other matters*Supplementary information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise United Way's consolidated financial statements. The accompanying Consolidating Statement of Financial Position and Consolidating Statement of Activities as of and for the year ended June 30, 2020 and the Schedule of Expenditures of Federal and State awards, as required by *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the State of Texas *Single Audit Circular* are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other reporting required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report, dated November 2, 2020, on our consideration of United Way's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of United Way's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering United Way's internal control over financial reporting and compliance.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

United Way of Metropolitan Dallas, Inc. (the "United Way"), a Texas nonprofit corporation founded in 1961, is a voluntary health and welfare organization governed by a volunteer Board of Directors (the "Board"). United Way is a community-based social change organization that believes in the power of unity to create lasting change. For over 90 years, United Way has led the charge to strengthen education, income and health - the building blocks of opportunity. In education, United Way seeks to give kids a strong start, provide quality out-of-school time, and strong pathways through high-school to college and career. In income, United Way invests in programs that help North Texans get and keep better jobs, establish savings, and hold on to more of what they earn. In health United Way creates, leads and invests in programs that enable residents to get and stay healthy. In the past year, United Way impacted the lives of over 1 Million North Texans.

United Way Foundation of Metropolitan Dallas (the "Foundation"), a Texas nonprofit corporation, was founded in 1999 exclusively for the purpose of receiving gifts, grants, and bequests in order to establish an endowment fund for the long-term benefit of United Way. The Foundation operates an endowment, consisting of both donor-restricted endowment funds and unrestricted board-designated endowment funds. The Foundation is governed by a volunteer Board of Directors (the "Foundation Board"), which is appointed by the Board of Directors of United Way. The Foundation Board's intent is to treat all gifts to the Foundation as a permanent endowment whereby the corpus of these gifts is held in perpetuity and only the earnings are spent. For reporting purposes, the Foundation is consolidated in United Way's financial statements. Inter-entity transactions have been eliminated in the consolidated financial statements.

Income Taxes

Both United Way and the Foundation are exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Thus, no provision for income taxes is included in the accompanying consolidated financial statements.

United Way and the Foundation follow the accounting guidance for accounting for uncertainty in income taxes. United Way and the Foundation recognize the financial statement benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. United Way and the Foundation applied the uncertain tax position guidance to all tax positions for which the statute of limitations remained open and determined there were no material unrecognized tax benefits as of that date. United Way and the Foundation do not believe there is any uncertainty with respect to the tax position which would result in a material change to the financial statements.

United Way and the Foundation are subject to federal and state income taxes to the extent they have unrelated business income. In accordance with the guidance for uncertainty in income taxes, management has evaluated their material tax positions and determined that there are no material income tax effects with respect to its financial statements. Management has determined that there is no material unrelated business income to report for United Way or the Foundation and has filed unrelated business income tax returns since 2018. Therefore, tax years remain open for years prior to 2018 in which an income tax return has not been filed.

United Way and the Foundation recognize any interest and penalties related to income taxes. There was no interest related to income taxes that has been accrued or recognized as of and for the years ended June 30, 2020 and 2019. There were nominal penalties related to income taxes recognized as of and for the years ended June 30, 2020 and 2019.

Basis of Presentation

The accompanying consolidated financial statements of United Way are prepared on the accrual basis of accounting.

Cash and Cash Equivalents

Cash and cash equivalents include demand deposits and all short-term investments with maturity dates of three months or less when purchased. United Way places its cash with high quality financial institutions which cash balances, at times, may exceed federally insured limits. United Way has not experienced any losses on such accounts.

Pledges Receivable

Unconditional promises to give are recorded as pledges receivable and contribution revenue when the promise is made. Contributions to be received after one year are discounted at an appropriate discount rate commensurate with the risks involved. Amortization of discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions.

Pledges receivable and related contributions are initially recorded at their net realizable value based on amounts expected to be collected from donors. This valuation reflects net pledge balances at a level which, in the judgment of management, is adequate to meet the present and potential risks of uncollectibility of the pledges receivable. Management's judgment is based on a variety of factors, which include experience related to charge offs and recoveries, previous collection history and scrutiny of individual accounts. Specific accounts are written off only upon notification from donors that the pledges are no longer collectible. For the annual campaign, any remaining uncollectible pledge balances are written off after two years.

Life Insurance Policy

As part of a planned giving program called United Way Life, sponsored by United Way Worldwide, the Foundation has purchased 37 life insurance policies on behalf of donors. Seventeen and eight new policies were purchased during fiscal years ended June 30, 2020 and 2019, respectively. The Foundation is the beneficiary of these policies. This program allows donors to utilize life insurance to accomplish their philanthropic objectives by enabling the donors to create a future legacy that will endow their annual gift into perpetuity. The donor contributes an amount sufficient to cover half of the annual premiums and the Foundation matches the donation for a full premium payment for each policy. Additionally, donors may provide funds for the Foundation's match premiums. The cash surrender value of the policy is included in other assets in the consolidated statements of financial position. The difference between the premium paid and the cash surrender value of the policy is expensed as fundraising expenses in the consolidated statements of activities.

Contributions

Restricted contributions are recorded at their estimated fair value when received or made rather than in the period for which the pledges are designated. Unconditional promises to give are recorded as revenue when the promise is made.

To determine the net realizable value of contributions from the annual fundraising campaign, a loss provision is calculated as a percentage of gross campaign results, including donor designations. As described above, management assesses the risks of uncollectibility to determine a reasonable loss provision. If actual collection results differ significantly from expectations, contributions in a subsequent period may be adjusted accordingly.

Per United Way policy, all campaign contributions in the current and future campaign years are restricted by time in the absence of a purpose restriction. The current campaign year fundraises for a future budgetary period, and therefore funds raised are spent in the following fiscal year and thus are considered time restricted within net assets.

Donor Designations

Annual campaign gifts in which United Way agrees to transfer the gift to another beneficiary as designated by the donor constitute agency transactions and are deducted from gross campaign results to arrive at contribution revenue. In accordance with United Way Worldwide membership requirements, these designations are presented as part of gross campaign results and gross agency distributions on the consolidated statements of activities, but are then deducted to arrive at United Way's actual revenue and expense under accounting principles generally accepted in the United States of America ("US GAAP").

United Way pledges received from donors who have elected to use third-party pledge administrators to process the designation payments on their behalf are included in gross campaign results and gross agency distributions, in accordance with United Way Worldwide membership requirements. They are not included in pledges receivable or designations payable because those donations are paid directly by the donor to the third-party administrator to remit to the designated agencies.

Investments

Investments are carried at fair value, which is determined based on quoted market prices. Realized and unrealized gains and losses are reflected in the consolidated statements of activities. Gains and losses on sales transactions are recorded when realized based on the original cost (amortized in the case of bonds) of the investments sold based on the specific identification method. Earnings from investments are recorded as interest and dividends and are reflected in the consolidated statements of activities.

Land, Building and Equipment

Land, building and equipment are stated at cost if purchased and at fair value at the date of donation if donated. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets (5 to 30 years for building and improvements and 3 to 10 years for furniture and equipment). Effective for the year ended June 30, 2020, United Way updated their capitalization threshold from \$1,000 to \$5,000. United Way fully depreciated and wrote off all assets below the \$5,000 threshold. United Way generally capitalizes all expenditures for land, buildings and equipment in excess of \$5,000.

Net Assets Without Donor Restrictions

Net assets without donor restrictions are currently available net assets for operating purposes under the direction of the board, designated by the board for specific use, donor advised funds, or invested in property and equipment.

Net Assets with Donor Restrictions

Contributions received from third parties with donor stipulations that limit the use of the donated assets, including specific or implied time restrictions inherent in pledges to give cash or other assets in the future, or are restricted such that the original gift (or principal) must be maintained in perpetuity, such as a permanent endowment fund are reported as net assets with donor restriction in the accompanying consolidated financial statements. When the applicable restriction expires, that is, when a stipulated time restriction ends or the purpose of the restriction is accomplished (including accrual of the related obligation), net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the consolidated statements of activities as net assets released from restrictions. Contributions received with temporary restrictions which are satisfied in the same reporting period are accounted for as described above and are included in net assets released from restrictions in the accompanying consolidated statements of activities. For contributions maintained in perpetuity, only the investment return on the original principal is available for use according to donor restrictions.

Contributed Goods and Services

Contributed goods are reflected as contributions in the accompanying consolidated financial statements at their estimated fair values at date of receipt. Contributions of services are recorded at estimated fair value if the services received create or enhance nonfinancial assets or require specialized skills and would typically need to be purchased if not provided by donation. A number of volunteers have donated significant time and effort to United Way's fundraising campaign and its grant allocation process. The dollar value of these contributed services is not reflected in the consolidated financial statements because the nature of the services does not meet the specified criteria for recording.

Functional Expenses

Expenses are summarized and categorized based on their functional classification as either program services or supporting services in the consolidated statements of functional expenses. Specific expenses that are readily identifiable to a single program or activity are charged directly to that function. However, many expenses relate to more than one function and must be allocated among the program and supporting services benefited. United Way records expenses to departments and programs to facilitate the functionalization between Management & General, Fundraising, and Program Services. United Way has a class of programs with expenses that relate only to Program Services. When a program has expenses that cross the functional categories, their expenses are allocated based on department. United Way has several departments with expenses directly apportioned to the three functional categories. United Way indirectly allocates expenses from four departments, for depreciation and for dues paid to United Way Worldwide and United Ways of Texas.

Marketing department expenses support Fundraising and Program Services and are allocated evenly between these two functional areas. Human Resources and Information Technology expenses are allocated between each of the functional categories based on proportional headcount. United Way allocates the expenses for the Building Operations department, depreciation and dues by using the proportion of the total expenses reported in each functional category compared to the allocation base of total overall expenses, net of these amounts.

Advertising

United Way expenses advertising costs as incurred. Advertising costs were approximately \$60,344 and \$71,091 for the years ended June 30, 2020 and 2019, respectively. Advertising expense was allocated in the media and printing line of the consolidated statements of functional expenses.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

Risk and Uncertainty

The ongoing COVID pandemic, which began in the spring of 2020, has created some uncertainty related to the collectability of receivables and investment returns. In addition, ongoing costs to operate and maintain financial stability may vary over time. United Way and the Foundation have included the best estimate for accounts receivable allowances and other amounts in the consolidated financial statements as of June 30, 2020 given the facts known at the time.

Recent Accounting Pronouncements

In June 21, 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This standard is intended to clarify whether a contract or agreement should be accounted for as a contribution or as an exchange transaction. It also provides a framework for determining whether a contribution is conditional or unconditional which will impact the timing of revenue recognition. The new standard is effective for annual periods beginning after December 15, 2018. United Way implemented this standard and determined there was no material impact on the consolidated financial statements and results of operations.

In May 2014, FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*, which supersedes the current revenue recognition requirements in Topic 605, *Revenue Recognition*. The ASU is based on the principle that revenue is recognized to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. United Way implemented this standard and determined there was no material impact on the consolidated financial statements and results of operations.

In February 2016, FASB issued ASU 2016-02, *Leases*, which will supersede the current lease guidance in current US GAAP. The ASU requires lessees to recognize a right of use asset and a related lease liability for all leases, with the limited exception of short-term leases. The main difference with current practice is that lessees will be required to record an asset and liability for what is now considered an operating lease. The FASB approved deferring the effective date of this ASU for one year. The ASU is now effective for annual periods beginning after December 15, 2021. United Way is currently assessing the potential impact of this ASU on its consolidated financial statements.

In September 2020, FASB issued ASU No. 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*, which aims to increase transparency of contributed nonfinancial assets, commonly known as gifts in kind, through enhancements to presentation and disclosures. United Way is currently assessing the potential impact of this ASU on its consolidated financial statements.

Reclassifications

Certain prior year financial statement amounts have been reclassified to conform to the current year presentation. Amounts previously included as program services have been reclassified to supporting services on the statement of functional expenses and statement of activities. Additionally, certain indirect costs previously broken out have been included in other fees on the statement of functional expenses. These reclassifications have no impact on net assets or the change in net assets.

NOTE C - INVESTMENTS AND FAIR VALUE

The fair values of the investments at June 30 are as follows:

	<u>2020</u>	<u>2019</u>
Certificates of deposit	\$ 4,269,314	\$ 7,640,919
Equity mutual funds	31,181,506	31,334,472

Money market funds	<u>101,850</u>	<u>30,852</u>
 Total	 <u>\$ 49,942,898</u>	 <u>\$ 52,747,509</u>

United Way records its financial instruments in accordance with the fair value guidance as established by the FASB. In accordance with this guidance, fair value is defined as the price United Way would receive from the sale of an asset, or pay to transfer a liability, in a timely transaction with an independent buyer in a principal market. This guidance establishes a three-tier hierarchy to distinguish between various types of inputs used in determining the value of United Way's investments and liabilities. The inputs are summarized in three levels as outlined below:

Level 1 Inputs - Quoted prices (unadjusted) in active markets for identical assets and liabilities. Level 1 assets include certificates of deposit, mutual funds and money market funds. Valuations of these instruments do not require a high degree of judgment as the valuations are based on quoted prices in active markets that are readily available.

Level 2 Inputs - Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities that are not active; and inputs other than quoted prices that are observable, such as models or other valuation methodologies. Valuations in this category are inherently less reliable than quoted market prices due to the degree of subjectivity involved in determining appropriate methodologies and the applicable underlying assumptions. United Way did not have any Level 2 financial instruments for the years ended June 30, 2020 and 2019.

Level 3 Inputs - Unobservable inputs for the valuation of the asset or liability. Level 3 assets include investments for which there is little, if any, market activity. These inputs require significant management judgment or estimation. Assets in this category include beneficial interests held in trusts. These financial instruments have inputs that cannot be validated by readily determinable market data and generally involve considerable judgment by management.

United Way's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the financial instrument.

Investments and Beneficial Interests Held in Trusts

The carrying amounts of investments approximate fair value based on quoted market prices. The fair value of the beneficial interests held in trusts is determined in good faith by the trustees based on estimates of the underlying investments and appropriate market indices.

As of June 30, 2020 and 2019, certificates of deposit are held by United Way. All other investments are held by the Foundation. A professional investment advisor manages the Foundation's investments with periodic review by United Way management and the Foundation Investment Committee with approval by the Foundation's Board of Directors. The management of the Foundation and United Way do not believe their investments pose unusual market or credit risks.

Investment fees of \$52,369 and \$51,185 were incurred for the years ending June 30, 2020 and 2019, respectively, and are included in net realized and unrealized gain on investments in the accompanying consolidated statements of activities.

NOTE D - BENEFICIAL INTERESTS HELD IN TRUSTS

United Way is the beneficiary of three perpetual trusts held and administered by third party trustees. The present value of the estimated future cash receipts from the trusts (as measured by the fair value of the underlying investments at United Way's fiscal year end) was recognized as assets and contribution revenue at the date the trusts were established. Distributions from the trusts are recorded within other contributions and the carrying value of the assets is adjusted for changes in the estimates of future receipts. The changes in the value of these trusts are included in the change in value of beneficial interests held in trusts in the accompanying consolidated statements of activities.

There were no contributed goods capitalized or prepaid in-kind goods unamortized as of June 30, 2020 and 2019.

NOTE G - GRANT ALLOCATIONS AND COMMITMENTS TO AGENCY PROGRAMS

In June 2020, United Way made unconditional pledges to agency programs for community fund grant allocations to be paid for the period beginning July 1, 2020 through December 31, 2020. Additionally, prior to June 30, 2020, United Way made unconditional pledges to agency programs for program initiative grant allocations to be paid July 1, 2020 through June 30, 2021. Accordingly, as of June 30, 2020, a liability of \$7,382,500 was recorded for the unconditional grants pledged, and not yet paid as of that date.

In addition, an estimate was made of community fund and program initiative grant allocations expected to be paid to agency programs for the period beginning January 1, 2021 through June 30, 2021, which is conditional upon the results of campaign collections. These conditional pledges total \$7,382,500 and have not been accrued in the consolidated statements of financial position because a firm commitment has not been made.

In June 2019, United Way made unconditional pledges to agency programs for community fund grant allocations to be paid for the period beginning July 1, 2019 through December 31, 2019. Additionally, prior to June 30, 2019, United Way made unconditional pledges to agency programs for program initiative grant allocations to be paid July 1, 2019 through June 30, 2020. Accordingly, as of June 30, 2019, a liability of \$7,368,965 was recorded for the unconditional grants pledged, and not yet paid as of that date.

In addition, an estimate was made of community fund and program initiative grant allocations expected to be paid to agency programs for the period beginning January 1, 2020 through June 30, 2020, which is conditional upon the results of campaign collections. These conditional pledges total \$7,435,833 and have not been accrued in the consolidated statements of financial position because a firm commitment has not been made.

NOTE H - GOVERNMENTAL CAMPAIGNS

United Way participates in local campaigns in the Metropolitan Dallas area on behalf of the Combined Federal Campaign ("CFC"), the State Employee Charitable Campaign and the City of Dallas Employee Charitable Campaign. Through these campaigns, donors designate their gifts to a wide variety of charitable organizations, and United Way honors designations made to each member organization by distributing a proportionate share of receipts based on donor designations to each member, per CFC regulations at §950.301(e)(2)(i). Verification that United Way is honoring designations made to each member organization has been performed. United Way acts as a federation level entity for these campaigns.

NOTE I - ENDOWMENT FUNDS

The Foundation's endowment consists of individual endowment funds established for the exclusive purpose of operating for the benefit of United Way. The endowment includes funds that are both donor-restricted endowment funds and funds designated by the Foundation Board to function as endowments. Net assets associated with endowment funds, including funds designated by the Board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions. Unrestricted endowment funds represent those funds designated by the Board at the inception of the endowment plus general public contributions, estate settlement and contributions not supported by an endowment.

Interpretation of Relevant Law

The Foundation interprets the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") enacted by the State of Texas as allowing the Foundation, absent donor stipulations to the contrary as stated in the gift instrument, to appropriate so much of a donor-restricted endowment fund as the Board determines is prudent for the uses, benefits, purposes, and duration for which the endowment is established.

The following factors are considered in making a determination to appropriate or accumulate donor-restricted endowment funds: 1) the duration and preservation of the fund, 2) the purposes of the donor-restricted endowment fund, 3) general economic conditions, 4) the possible effect of inflation and deflation, 5) the expected total return from income and the appreciation of investments, and 6) other resources of United Way.

Endowment net asset composition by type of fund consists of the following as of June 30, 2020:

		With Donor Restrictions			
	Without Donor Restrictions	Original Gift Amount	Accumulated Gains (Losses) and Other	Total with Donor Restrictions	Total

Return Objective and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowments include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specified period as well as board-designated funds.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, United Way relies on a total return strategy in which investment returns are achieved through capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation. The Foundation's investment objectives are to generate sufficient long-term growth of capital without undue exposure to risk, to provide for spending distributions when needed, and to enhance the real purchasing power of the investments.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The primary long-term management objective of the Foundation's board-designated and donor-restricted endowment funds (the "Endowment Fund") is to ensure safety and preservation of principal, to achieve a satisfactory risk-adjusted total rate of return on assets under management, to maintain sufficient liquidity to meet operating and distribution needs, and to seek at all times to maintain public trust by adhering to the above stated objectives.

Per the spending policy, the Foundation distributes the higher of \$2,500,000 or 4.5% of the 12-quarter rolling average of the portfolio's market value, or the most recent quarter's closing market value, whichever is lower. As a result, the Foundation distribution to United Way for the years ended June 30, 2020 and 2019 was \$2,500,000. This was approved by the Foundation Board during the fiscal years ended June 30, 2020 and 2019, respectively.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. There were no amount of funds that had fallen below their original gift value as of June 30, 2020 and 2019.

NOTE J - NOTE RECEIVABLE

The Foundation holds a convertible promissory note as of year-end June 30, 2020 as a part of the impact investing fund. The impact investing fund is used to invest in for-profit companies that meet the mission of United Way.

As of June 30, 2020, the note receivable outstanding is \$350,000. The note bears interest of 7%. The note can be converted into company shares in three different ways. If a sale of a minimum of \$3.0M in preferred shares occurs prior to the maturity date, the note will automatically convert to shares in the company. If a sale of less than \$3.0M in preferred shares occurs prior to the maturity date, February 28, 2021, the Foundation has the option to convert the note to shares in the company. If no sale has occurred at the maturity date, the majority note holders have the right to convert the outstanding balance to shares. If the note has not been converted to shares as of the maturity date, the principal and interest shall be due and payable in full.

June 30, 2020 and 2019

NOTE K - NOTE PAYABLE

In 2020, United Way received loan proceeds in the amount of approximately \$1,398,000 under the Paycheck Protection Program ("PPP"). The PPP, established as part of the Coronavirus Aid, Relief and Economic Security Act ("CARES Act"), provides for loans to qualifying businesses for amounts up to 2.5 times of the average monthly payroll expenses of the qualifying business. The loans and accrued interest are forgivable as long as the borrower uses the loan proceeds for eligible purposes, including payroll, benefits, rent and utilities, and maintains its payroll levels. The amount of loan forgiveness will be reduced if the borrower terminates employees or reduces salaries during the covered period.

The unforgiven portion of the PPP loan is payable over two years at an interest rate of 1%, with a deferral of payments for the first six months. United way utilized the proceeds for purposes consistent with the PPP. While United Way currently believes that its use of the loan proceeds will meet the conditions for forgiveness of the loan, we cannot assure we are not ineligible for forgiveness of the loan, in whole or in part.

NOTE M - LIQUIDITY AND AVAILABILITY

The following table reflects United Way's financial assets as of June 30, 2020 and 2019 reduced by amounts not available for general expenditure within one year. Financial assets are considered unavailable when illiquid or not convertible to cash within one year, assets held for others, perpetual endowments and accumulated earnings net of appropriations within one year, or because the governing board has set aside the funds for a specific contingency reserve or a long-term investment as board designated endowments. These board designations could be drawn upon if the board approves that action.

Financial assets available to meet cash needs for general expenditures within one year	\$ 18,987,126	\$ 25,648,793

As part of United Way's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, United Way invests cash in excess of weekly requirements in short-term investments. United Way has Board Designated net assets without donor restrictions that could be made available for current operations, if necessary.

NOTE N - GROSS CAMPAIGN RESULTS-RECONCILIATION

During the fiscal year ended, June 30, 2020, United Way shifted the focus of external announcements to the impact of resources invested in the community rather than the amount raised. The reporting change was applied prospectively in fiscal year 2020 and thus, no announcement or reconciliation is reflected.

United Way of Metropolitan Dallas, Inc. and United Way Foundation of Metropolitan Dallas

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

For the fiscal year ended June 30, 2019, consistent with United Way Worldwide total resources generated policy, United Way includes in its publicly-announced campaign totals those amounts raised for the governmental campaigns and regional United Way campaigns, as well as donations paid directly to third-party processors by donors. For financial reporting purposes, appropriate adjustments are made to the announced campaign totals to arrive at gross campaign results. The following schedules reconcile the announced campaign results to the gross campaign results reported in the consolidated statement of activities for the year ended June 30, 2019:

	<u>2019</u>
Publicly announced campaign results	\$ 68,693,839
Planned giving revocable gifts	(6,700,000)
Grant revenue counted but not yet recognized	(4,187,425)
Results reflected in other contributions, other campaign and grant revenue	(9,167,793)
Timing differences between campaign year and fiscal year	(348,342)
Contributions from donor-advised fund timing difference	(46,229)
Adjustments to previous results	<u>1,854,624</u>
 Gross campaign results	 <u>\$ 50,098,674</u>

Planned giving revocable gifts represent gift expectancies, such as a will, a retirement plan, or an insurance policy, where United Way has documentation of being named as a beneficiary. These gifts are not recorded in the consolidated financial statements because they are revocable by the donor and realization by United Way is uncertain. United Way Worldwide policy and industry guidelines for reporting and counting charitable gifts dictate including these expectancies in campaign results.

Grant revenue counted but not yet recognized is Federal and State awards to United Way from the Texas Department of Family and Protective Services and the Texas Education Agency. These awards are payable to United Way on a cost-reimbursement basis. Therefore, per generally accepted accounting principles the revenue is not recorded until related costs are incurred.

Results reflected in other contributions, other campaign and grant revenue represent amounts that are included on the consolidated statements of activities, in those respective line items, but not as a component of gross campaign results. These amounts are related to federal and state award revenue, estate settlement proceeds, sponsorship funds and designation revenue from other campaigns.

Timing differences between campaign year and fiscal year represent primarily 2018 campaign year contributions recognized in the year ended June 30, 2018 but announced during the year ended June 30, 2019 and contributions recognized in campaign reporting but not included as financial revenue in the year ended June 30, 2019.

Adjustments to previous results are additional contributions received from previous campaigns reflected as unrestricted gross campaign results on the consolidated statements of activities.

NOTE O - EMPLOYEE RETIREMENT PLAN

United Way has a defined contribution pension plan (the "Plan") for the benefit of its employees. Employees are eligible to contribute to the Plan on the first day of the month, following 30 days after their hire date. After one year of service, United Way makes contributions to each participating employee's account based on percentages of employee compensation. Employees receive 5% of their base compensation plus a 50% match of their contributions up to 4% of their base compensation. United Way contributed approximately \$372,000 and \$371,000 to the Plan for the years ended June 30, 2020 and 2019, respectively.

NOTE P - SUBSEQUENT EVENTS

United Way has evaluated its consolidated financial statements for subsequent events through November 2, 2020, the date the consolidated financial statements were available to be issued. United Way is not aware of any such events which would require recognition or disclosure in the consolidated financial statements.

**REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS
ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT
AUDITING STANDARDS***

To the Board of Directors of
United Way of Metropolitan Dallas, Inc.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of United Way of Metropolitan Dallas, Inc. and United Way Foundation of Metropolitan Dallas (“United Way”), which comprise the consolidated statement of financial position as of June 30, 2020, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 2, 2020.

Internal control over financial reporting

In planning and performing our audit of the consolidated financial statements, we considered United Way’s internal control over financial reporting (“internal control”) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express an opinion on the effectiveness of United Way’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of United Way’s financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in United Way’s internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and other matters

As part of obtaining reasonable assurance about whether United Way's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Intended purpose

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of United Way's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering United Way's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE STATE OF TEXAS *SINGLE AUDIT CIRCULAR*

To the Board of Directors of
United Way of Metropolitan Dallas, Inc.

Report on compliance for each major federal and state program

We have audited the compliance of United Way of Metropolitan Dallas, Inc. (“United Way”) with the types of compliance requirements described in the U.S. Office of Management and Budget’s *OMB Compliance Supplement* and the State of Texas *Single Audit Circular* that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2020. United Way’s major federal and state programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

Management’s responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to United Way’s federal and state programs.

Auditor’s responsibility

Our responsibility is to express an opinion on compliance for each of United Way’s major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and State of Texas *Single Audit Circular*. Those standards, the Uniform Guidance and the State of Texas *Single Audit Circular* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about United Way’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of United Way’s compliance.

Opinion on each major federal and state program

In our opinion, United Way complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2020.

Report on internal control over compliance

Management of United Way is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered United Way's internal control over compliance with the types of compliance requirements that could have a direct and material effect on each major federal and state program to design audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of United Way's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in United Way's internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this Report on Internal Control Over Compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the State of Texas *Single Audit Circular*. Accordingly, this report is not suitable for any other purpose.
