

General questions

1. What problems can you identify in this story? Are solutions presented?
2. In what way might this story be relevant in your community?

Further exploration

1. The U.S. issues some work permits to migrants for seasonal labor, but not for dairy work which is year-round. Should year long labor be included permitted with work permits?
2. Why don't you think dairy farmers are able to find enough labor from within the U.S. to staff their farms?
3. How do you think the personal connection between the farmers and the families in the Puentes program impacts the power dynamics on the farm?
