HOW TO MANAGE THE MAINTENANCE MANAGER

So what’s the role of the Maintenance Manager’s Boss?

Set Goals/Expectations
Measure Performance
Hold Accountable
HOW TO MANAGE THE MAINTENANCE MANAGER

• Set Goals/Expectations
  – Downtime
  – Waste from downtime
  – Spending
  – M%/CPU$
  – Projects
  – Development
  – Top Hitters
HOW TO MANAGE THE MAINTENANCE MANAGER

• Measure Performance
  – KPI’s = Key Performance Indicators
    • Total lost time and by line
    • Total waste and by line
    • Building Maintenance Spend to Budget (Fixed)
    • LBS per Line/Asset Maintenance Spend (Variable)
    • LBS per Maintenance Manhour (Variable)
    • Maintenance Cost per Pound/Unit
    • Work Audits: Don’t expect what you don’t inspect
HOW TO MANAGE THE MAINTENANCE MANAGER

• Measure Performance
  – Project(s): Planning, Development, Execution, Deliverables
  – People Development/Training
    • Should include succession planning
  – Top Hitters/Root Cause
HOW TO MANAGE THE MAINTENANCE MANAGER

• Accountability
  – The Main Ingredient
  – The Three “F’s” with the option of a Fourth
    • Fair – Firm – Friendly......Freed
  – Down day planning and Review
  – GOAL: Get Out And Look
    • Work Audits & Top Hitter Inspection (Q&A)
  – Account for Net Hours: Scorecard
  – Root Cause: Solve Top Issues
HOW TO MANAGE THE MAINTENANCE MANAGER

• Pitfalls
  – Percent of completed PM’s
  – Trying to save yourself into a profit
  – Filling an opening(s) with warm bodies
  – No evidence of development or progressive discipline
  – No skill assessment or development plan
  – No way to keep score
  – No plan with Who-What-When
HOW TO MANAGE THE MAINTENANCE MANAGER

Remember:

Hopes not a Strategy

Effort without Results is not Value Added

Trust but Verify
