

LEMATIC

Table Top 604

LeMatic has provided innovative and dependable slicing and packaging equipment to the worldwide baking industry since 1973. Today, LeMatic's "Cooler to the Door™" product line has grown to include their AutoOp® and AutoEye® lines of robotic and quality control inspection systems, english muffin, dough imprinting, basket handling and pan cleaning systems. And, every machine LeMatic builds is backed by one of the best parts and service departments in the business – effectively servicing bakeries remotely and on-site around the world.
