

BUTTER BUDS, INC.

Table Top 718

Butter Buds Food Inc. uses proprietary enzyme modification technology to “unlock” the potent flavor elements in butter, cheese and other flavorful fats delivering highly concentrated natural flavor in convenient powdered, paste and liquid form. Our concentrates are used at extremely low application levels and typically application levels contribute little to no fat in the finished product. They are natural, kosher, halal, organic, easy to use, and stable in price, and allow the production of better tasting, more economical, healthier foods with very clean label statements.
